PAXIMADIA ISLANDS - 8H FULL DAY

The **Paximadia Islands** are two uninhabited small islands with impressive rocky beauty, unspoiled with turquoise blue water.

Once we arrive there, you can enjoy snorkeling, a visit to the small pebbled beach and relax on board with drinks & snacks.

After that we'll combine this trip with sightseeing and visits to **Agios Pavlos** and **Triopetra** for a meal.

Towards the end of the trip we'll visit **Preveli Palm Beach** to admire the unique palm trees and natural lagoons.

GAVDOS ISLAND - 9H FULL DAY

A tour along the highlights of the most southern island of Europe

- ✓ **Potamos Beach** – geological clay formations, reddish sand and cedar trees. Campers have made impressive constructions of washed up driftwood into beautiful beach art.

ELAFONISSI - 9-10H FULL DAY

Elafonissi is one of the most breathtaking beaches of Crete with its clear blue waters, pink sand, and shallow lagoons. Ranked as one of the most beautiful beaches in the world.

Because our departures are only from the Plakias port, this is a long journey.

Elafonissi is not close, but with our new RIB called the 'Escape' & good weather circumstances, it's easy reachable.

The tour is comfortable & enjoyable, with several great stops along the way & lunch in **Loutro** or **Agia Roumeli**.

On all our boats we kindly ask:

No shoes are allowed aboard to protect the decking.
It's a good idea to bring light, easily removable shoes/sandals and maybe beach shoes.

To not bring your own food or snacks, as the boats floors are easily stained.

To not bring sun products that contain tan accelerators
like beta caroteneas they permanently stain the boats fabrics.

To inform us about special needs, food allergies, being able to swim or not,
or anything else you think is important for the crew to be aware of.
